[New CAREER PROFILING Service for Students, School Leavers and Job Seekers]

welcome!

MYCAREERMATCH™ is an online career assessment that helps students and job seekers choose a career path that matches their natural gifts and talents. When used in conjunction with other career adviser tools, MyCareerMatch adds a holistic view of potential opportunities and career pathways ●●●

Developed with Careers Advisers in Mind :)

With limited time and resources, Careers Advisers will find MyCareerMatch very affordable with no accreditation required, and no special software to install. Assessments are conducted via the Internet and Career Reports are emailed immediately to the Student with a copy going to the Careers Adviser. Students can complete from home or from School. MyCareerMatch does not conflict with any of the educational assessment tools you may be using and Careers Advisers have free access to Workbooks, Power Points, Teacher Guides and Parent Reports.

+ Quick and Easy to Use

In just 15 minutes students discover their personal style, what they are naturally good at, and the careers they are likely to be attracted to.

Each MyCareerMatch report delivers:

- Tailored career suggestions for each individual
- Helps Students discover their natural gifts and talents
- Provides career options that may not have been considered
- Reinforces strengths and helps Students build confidence and self-esteem
- Provides content for resumes and job applications.

+ Students Discover Themselves and the Careers that Best Match

Identifying a person's natural gifts and talents is the first step in their journey to job satisfaction.

Our position is that three factors are in play when choosing a career.

1. Is the Student or Job Seeker a 'good fit' for the job?
2. Are they interested in this type of work?
3. Are they studying the subjects required for the job?

Careers Advisers know that suitability for a job is determined by a number of factors including a person's personality style. People whose natural talents and strengths are in tune with their careers are more fulfilled and tend to excel at what they do.

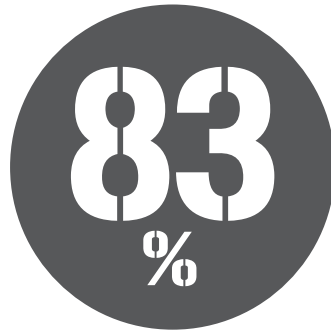

+ Positive Feedback

Over 450 Secondary School Students trialed MyCareerMatch with positive comments from both Students and Careers Advisers.

In addition, the report caused some parents to re-consider their child's career options and Careers Advisers said it helped them quickly identify which careers would suit each Student's inherent strengths.

said their profile was an accurate portrayal of them

said their profile gave them new career options to consider

said the report contents would be helpful in applying for a job

"The MyCareerMatch website contains a wealth of information and career videos, and is extremely user friendly - for parents, students and teachers. Students are able to navigate the site with little teacher assistance - thus enabling them to use it at home"

Anne Duquemin

Careers Advisor
Charlton Christian College

"I would highly recommend MyCareerMatch; the program supports my program and all the products I use. Students and parents like the fact that they receive an instantaneous report. The students find the report valuable in discussing career choices, and the report includes valuable information that should help in job interviews and their resume writing"

Roger Mckim

Careers Adviser
Green Point Christian College

"This is an excellent tool for students to provide option driven career paths. They gain an understanding of themselves but are still given the power to choose an area in which they have the most interest"

Stuart Jones

Careers Adviser
Penrith Christian School
